Five Oaks Academy
A Montessori School

Dear Prospective Families,

Welcome to Five Oaks Academy! Thank you for your interest in our school. We invite you to discover a Montessori community where children are known, supported, and inspired to reach their unique potential.

At Five Oaks Academy, learning is an active, hands-on experience rooted in curiosity, inquiry, and discovery. Students explore ideas, ask meaningful questions, and develop the research and critical thinking skills to pursue answers. Our approach connects rigorous academics with social development, helping children grow as independent learners and thoughtful members of their community.

We believe education should prepare children for both the opportunities and the challenges of a changing world. Through our integrated Montessori curriculum, we support students in:

- Discovering the connections among mathematics, science, history, geography, literature, writing, culture, and the arts.
- Thinking independently, making thoughtful decisions, and taking responsibility for their choices.
- Formulating questions, conducting research, and communicating their ideas.
- Developing time management, organization, and the ability to prioritize responsibilities.
- Exploring diverse cultures and perspectives with curiosity and an open mind.
- Practicing grace and courtesy, resolving conflicts respectfully, and contributing to the well-being of others.

Our beautiful 10-acre campus extends learning beyond the classroom, offering opportunities for exploration, outdoor learning, and connection with the natural world. With a maximum student-to-teacher ratio of 12:1 and classroom teams of two or three certified teachers, we provide the guidance and individual attention that help students thrive.

Our multi-year classroom communities give children time to deepen their understanding, build relationships, and develop leadership skills. As students progress through each Montessori cycle, they engage with an increasingly challenging curriculum, strengthen their independence, and experience the satisfaction of meaningful accomplishment.

Choosing a school is an important decision for your family. At Five Oaks Academy, we value a strong partnership with parents and share your desire for an education that both challenges and nurtures your child. We strive to create an environment where children feel a sense of belonging, discover their strengths, and cultivate a lifelong joy of learning.

We look forward to welcoming your family to campus and sharing what makes Five Oaks Academy a place where minds are opened and possibilities grow.

Peace,

Kathleen Trewhella-Cash
Executive Director
Five Oaks Academy, Inc.

"The way you see people is the way you treat them and the way you treat them is what they become."

– Goethe
